

Michael's Kitchen, A Local Icon for 33 Years!

With gas prices climbing once again, many families feel the need to economize, cutting back on dining out. Knowing the importance of the family dining experience, Michael's Kitchen offers good food at good prices. "I understand about the economy," local restaurateur Andy Kyprianides explained. "I haven't changed prices in the last 6 years. Many people say that it cost less to eat here than to make a meal at home. I appreciate all my customers business and I will continue to keep prices as low as I can."

Michael's Kitchen is the only area restaurant that includes soup, salad and dessert with any dinner entrée. Specials – such as Michael's famous breakfast that includes 2 eggs, 2 bacon strips, 2 sausages, hash browns and toast for only \$2.59 – as well as a broad selection of lunch specials for under \$5.00, are offered daily.

"It would probably cost you more to make breakfast at home," commented Sterling Heights resident, Rex Lux. "I've been coming to this restaurant for probably 30 years. Very good food – wonderful soups, and the service is wonderful, like family."

"I've been coming for probably the last 20 years," added Clinton Township resident Peter Rubino. "Michael's has the best coffee in the area. The restaurant is clean, staff is good and you get a good value for your money."

"Everyone is treated like friends and neighbors," explained Kyprianides. "I appreciate all my customers – and I really

appreciate my employee's good service and loyalty. Several of the wait staff has been here 15 years or more."

Beginning March 9th – Michael's Kitchen will offer a variety of Lenten Specials, with many seafood dishes to

choose from as well as traditional Macaroni and Cheese. Each of these specials will come with soup, salad and a dessert.

"You can visit www.visitmichaelskitchen.com to get coupons as well," added Andy. "View our menu and read our customers comments."

Michael's Kitchen is located at 35481 Groesbeck, north of 15 Mile. Call 586.791.8690 for more information. Carryout is also available.
